

BETONPOMPVERHUUR
ENGELN B.V.

De kleine en mobiele betonpomp

20 meter Citypomp

Technische gegevens

Technische gegevens

The image contains two technical drawings of pipe assemblies, labeled 'Rohrleitung DN125' and 'Rohrleitung DN100'. Both drawings show a side view of the assembly with dimensions and forces.

Rohrleitung DN125:

- Overall height: 3,85 m
- Height of the lower section: 2,15 m
- Horizontal distance from the left support to the center of the pipe: 4,68 m
- Forces: 70 kN at the top left support, 70 kN at the bottom left support, 110 kN at the top right support, and 110 kN at the bottom right support.
- Rotation: 2x 365° (indicated by a curved arrow).

Rohrleitung DN100:

- Overall height: 2,20 m
- Height of the lower section: 2,15 m
- Horizontal distance from the left support to the center of the pipe: 4,68 m
- Forces: 70 kN at the top left support, 70 kN at the bottom left support, 110 kN at the top right support, and 110 kN at the bottom right support.
- Rotation: 2x 365° (indicated by a curved arrow).
